Secure Activation and Transaction Tips

- Ensure to download D-Bank app through official sites as assigned by Danamon.
- Use data that matches your exact registered data on Danamon system.
- Keep the confidentiality of your Password, OTP, PIN and m-PIN.
- Avoid using/creating password that is easily traced by others such as your birth date.
- Always use your own personal smartphone and email to do any transactions.

RISKS

The customer is required to secure the User ID, Password and m-PIN for his/her own benefit by means of:

- Changing passwords and m-PIN periodically.
- Using the User ID, Password and m-PIN carefully so as not to be known by others.
- Not recording / storing User ID, Password and m-PIN on handphone, other objects or places that are easily accessed by others.
- Not providing User ID, Password and m-PIN to other people including Bank officers or family members / closest people.
- Not using Passwords and m-PINs that are easy to guess such as birth date or the customer's personal identity.

Customers must report to the Bank through Hello Danamon 1-500-090 anything related to:

- Misuse of D-Bank access.
- Suspicious actions related to transactions by irresponsible parties.
- Customer data requests from other parties who are not interested.

OTHER RISKS

D-Bank services are very dependent on the quality of the network | GPRS / 3G / LTE or WIFI that is used and the customer is required to ensure network quality before using D-Bank services to avoid transaction failures.

CUSTOMER SERVICES / CALL CENTER:

Hello Danamon 1-500-090 can be accessed via the "Contact Us" icon on the D-Bank application.
