The screenshot shows the "Water Utility" payment screen. At the top, there are tabs for "Bantuan", "Retailing", "Transaksi", and "PDTB". Below the tabs, there are sections for "Source of Fund", "Ama", "Customer ID", and a "Save as Favorite" checkbox. On the right side, there are dropdown menus for "D-BAIK" (with value "030119000000 IDR 2,580,000,00"), "PDAM PAUJU / TPU" (selected), and "Favorite" (with value "PDAM PAUJU / TPU 12345678910"). There is also a "New" section with a "Please type" input field. At the bottom right is a large orange "Next" button.

4

The screenshot shows the same "Water Utility" payment screen as step 3. The "Customer ID" section now has a dropdown menu with two options: "Favorite" (selected) and "New". The "New" option includes a "Please type" input field. The rest of the screen remains the same, including the "Next" button at the bottom right.
